Design & Build

A brand new, multi-function development, comprising two eight bedroom homes and one four bedroom home, with staff offices and training facilities.

The development provides a safe and secure comfortable environment for institutionalised rehabilitation and severe learning disabilities.

All areas are covered by remote panic attack and wet room facilities including anti-ligature fittings with timed services and individual shut down. Hot water is provided by solar panels reducing running costs for the future.

Raised Planters

Secure Gardens

Orchard and Offices
